IMPORTERS & FABRICATORS IN GRANITE - QUARTZ - MARBLE - SLATE - STONE

STAIN-PROOF™ by Dry-Treat.

Finch's are now proud to include The world's leading impregnating sealer for protecting natural granite worktops. You expect to have your new kitchen for at least 15 years so why not have the same expectations from your new granite worktops. Dry treat is also available in 1ltr containers for tiles, masonry, pavers, concrete and grout. All of our customer who purchase from us directly or through our trade kitchen companys qualify for this warranty.

BENEFITS OF STAIN- PROOF

- Super penetrating and permanent
- Retains natural colour and finish of the surface
- Superior stain protection – super oil and water repellence
- Deep liquid repellent barrier protects against efflorescence, picture framing, spalling and freeze-thaw damage
- Easy to apply
- Makes cleaning easier and keeps surface looking new for longer; controls moss and mildew growth
- Fully breathable - water vapour escapes freely, helping to avoid harmful moisture buildup inside the treated material
- Treated areas are food contact safe
- 15 YEAR PERFORMANCE WARRANTY available when applied by a Dry-Treat Accredited Applicator*Conditions apply

Dry-Treat innovation

Dry-Treat began in 1991 as a premium developer of specialist concrete sealers for the civil engineering industry, to protect large concrete structures such as bridges, high rises and factory floors in harsh conditions, including seawater and alkaline soil.

Over nearly 2 decades Dry-Treat's team of engineers and chemical scientists have continued to develop unique sealers to provide premium protection for a wide range of porous materials, including natural stone, tiles, brick and paving.

Dry-Treat and the environment

Dry-Treat is dedicated to creating environmentally friendly solutions. To this end, Dry-Treat has created the Seal for Life logo, to indicate products which exceed the world's strictest green guidelines.

Dry-Treat performance warranties

Dry-Treat offers genuine performance warranties on many products, up to 15 years, when these products are applied by an Accredited Applicator. An Accredited Applicator is someone who has been trained and licensed to apply Dry-Treat products and apply for performance warranty certificates on behalf of their clients. Finch's stone & marble fitting teams are fully accredited with dry-treat and are able to offer this service. Please see below for more information.
